JUMPSTART YOUR REMOTE TEAM

ABOUT VAS360

VAS360 is a distributed outsourcing platform with resources working-from-home in multiple locations worldwide. Our global clients enjoy having access to highly qualified staff without geographic limitations, all while remaining cost-effective by taking out inflated costs of having staff report to an office and by tapping into several offshore destinations. VAS360 strength lies in the following pillars:

RECRUITMENT AND HR

- Hardware, internet, and remote mindset-fit testing.
- Personalized series of interviews.
- Single point-of-contact for any staff-related matters.
- Monthly staff review and evaluation.

OPERATIONS

- Assistance in setting up remote workflow and processes.
- Staff attendance and performance monitoring.
- Staff onboarding and payroll management.
- Help in building a remote team set-up.

TOOLS

- Internal communication tools.
- Time and productivity tracking tool.
- Collaboration and task management tool.
- G-Suite Account

OUR TOOLS

Hubstaff helps track attendance and monitor activity of your staff. Through this tool, we have real-time visibility over staff's screen which flags any malicious activity or unrelated work during set working hours.

Our communication tools such as Slack and Google Meet makes it easy for your team to chat and conduct virtual meetups.

We use Trello as a task management tool which makes it easier for teams to collaborate and track work progress from any timezone or location.

All of the files and tasks your staff have access to are consolidated in a single location through G Suite. We train your staff to exhaust all the tools that encompass G Suite, giving employees and clients a secure online environment to communicate, share and collaborate seamlessly.
